

# My Reward Board Fact Sheet

## Overview

My Reward Board™ is a motivational software program that uses the appeal of the home computer to encourage children to complete their chores, achieve their goals, improve their behavior, and save their money.

With My Reward Board™, children enjoy monitoring their own progress and doing their best, as they eagerly await the end of the week and their star points reward.

The end result is happy children, proud parents, and a less stressful family life.
